

# 2020 VIRTUAL NAPSA CONFERENCE

National Association of Pretrial Services Agencies

September 15 -- September 17 -- September 22 -- September 24  
1:00 p.m. – 5:00 p.m. (EST) Each Day

***THE 2020 VIRTUAL NAPSA CONFERENCE REGISTRATION IS NOW OPEN!***

Thank you for your patience as we recreated our conference due to COVID-19 pandemic. While not hosting an in-person conference this year was initially a difficult decision, it is the best course of action given concerns about the pandemic and the ability to safely host a large gathering.

NAPSA will host its 2020 virtual conference over several dates in September. This special event will be live-streamed from 1:00 p.m. to 5:00 p.m. EDT beginning on Tuesday, September 15, continuing on Thursday, September 17 and Tuesday, September 22, and concluding on Thursday, September 24. The conference will offer everything you expect from a NAPSA Conference: excellent keynote speakers, workshops that feature the finest education and training for pretrial practitioners and stakeholders, an exhibit hall and exposition, and networking opportunities for you to meet and learn from others working in the field.

Each day will begin with a Plenary Session on subjects such as racial equality and inclusion, jurisdictional response to COVID-19, and *NAPSA's Standards for Pretrial Release, 2020 Revision*. Each day will also feature two blocks of four concurrent workshops. We will host numerous workshops relating to racial justice, the response to the pandemic, the use of validated risk assessments, and the *NAPSA Release Standards*, to name a few. We will also host workshops designed to educate practitioners new to the Pretrial field and workshops for those working in the federal pretrial system. Our [\*\*tentative schedule of events\*\*](#) will provide detailed information about our conference program.

While our conference is being live-streamed, it will also be recorded. So, you don't have to worry about missing an educational opportunity should you have to step away. All registered participants will have access the recorded version of the conference for a limited time. ***For the first time ever, a conference participant will be able to access every plenary session and every workshop on demand.***

## Conference Registration Fees

Full conference registration fees are \$200 for members and \$300 for non-members. We also offer a single-day rate of \$100. Because the conference is being recorded, and therefore accessible during and after the conference, we are not able to offer refunds. An agency can substitute a conference participant with another practitioner from the same agency.

NAPSA members enjoy a discount on Conference Registration Fees. Please note that our membership system is not directly connected to the conference registration system. If you want to purchase membership to receive the member discount on conference fees, please complete the membership payment in our [online store](#) a few days before completing the conference registration to allow the membership status to be updated in the conference registration system. Please contact [info@napsa.org](mailto:info@napsa.org) with any membership questions.

## Online Registration System

NAPSA has partnered with Conference Direct to provide conference registration Services. Registration is completely online and an agency can register more than one conference attendee at a time. In addition, the system will process payments, invoices and receipts. We have established separate registration systems for attendees, plenary and workshop speakers, and exhibitors. The conference registration site contains helpful information and will assist you to complete single or multiple transactions.

- [Register for the Conference](#) using our online system
- Questions should be emailed to [NAPSA@conferencedirect.com](mailto:NAPSA@conferencedirect.com)
